PROFILE

I'm a Engineering student with good academic background and a vision in mind. Skilled in problem-solving and collaborating effectively in team environments. Eager to apply my technical knowledge and passion for innovation to contribute to a dynamic organization in the software development field.

EDUCATION

Bachelor of Technology   **2020-2024**
Priyadarshini College of Engineering Nagpur
Information Technology - 77.64%

HSC   **2019-2020**
Jawahar Navodaya Vidyalaya, Gadchiroli
Science with PCM - 77.8%

SSC   **2017-2018**
Jawahar Navodaya Vidyalaya, Gadchiroli
CBSE Science- 83.3%

PROJECT

Travel Package Booking Application   *Dec,2024 - Present*

- Developed a comprehensive Travel Management System enabling users to explore destinations, book travel services, and manage itineraries.
- Utilized robust technologies: MySQL for database management, Node.js and Express for backend APIs, Java EE Spring Boot for backend services, and React.js for the web platform.
- Designed and implemented cross-platform functionality using React Native for Android application development.
- Ensured a seamless user experience with a user-friendly interface, high performance, and scalability across devices.
- Collaborated in a team of 4, applying Agile methodologies to deliver the project efficiently.

Donation Management System Android Application   *Oct,2023 - April,2024*

- Developed an Android application using Android Studio, allowing users to select donation packages or create custom packages.
- Recorded transaction history in a MySQL database for tracking and management purposes.
- Implemented functionalities to allow users to manage donations and track transaction records effectively.
- Collaborated with team members to enhance application features, improve functionality, and optimize the user experience.

SKILLS

- Advance Java (RESTful web service using Spring Boot), C/C++, Hybrid development, Hybrid application frameworks, HTML 5.0, CSS, JavaScript, jQuery, Node.js, Express, Responsive Web Design, React Native
- **Databases:** MySQL, Oracle (RDBMS), Android Storage: SQLite database
- **Mobile**: Android Programming & iOS Programming
- **Soft Skills:** Adaptability, Communication, Leadership, Problem-Solving, Teamwork

WORK EXPERIENCE

Internship Trainee | ITNetworkZ
Web Development
- Designed responsive websites using HTML, CSS, and JavaScript.
- Gained experience with web development tools and frameworks.
